GETTING TOWARD THE SEASON.

While the snow is blowing into the fence corners on the mainland the people of Honolulu and those who sojourn here for a time are contemplating a trip to that glorious resort, Halewa. This is on the line of the Oahu Railway and the ride to the place is along the sea coast for a part of the distance. No pleasanter hour or two can be spent than on the ride down for there is so much to attract the attention of the stranger. Manager Bidgood at the hotel is a model host and he puts his ability to the best use of the guests.

GAVE HIM ROPE AND NOT HELP

HILO BOARD OF TRADE'S SOLUTION OF THE COUNTY ATTORNEY PROBLEM.

HILO, January 19.—The question of the efficiency of the County Attorney's office formed the subject of some discussion at the meeting of the Board of Trade of Hilo last Tuesday. The matter came before the board on a statement by the Secretary that two of the County Supervisors, Lyman and Fernandez, desired to have an expression of opinion by the board as to the appointment of Carl S. Smith as Deputy County Attorney.

Richards said he believed it was necessary to appoint some one, though not on account of the amount of work to be done. He moved that the board do not endorse the appointment made.

Andrews said it was a question of whether County Attorney Williams had the legal ability to draw up indictments that will hold water. Carl S. Smith was generally accepted as the leading lawyer of Hilo, he was supposed to be as well versed in law as any one here. It was not a matter of simply doing the County work, but the object of putting him in was to have his legal advice in drawing criminal indictments. At present, when indictments are drawn, the County is put to the expense of hundreds of dollars, and the whole matter is thrown out because of some paltry flaw in the indictment, and there was the expense of sending the case back for rehearing. While it might very much be regretted that the elected County Attorney has not the ability that he ought to have, the Board should carefully consider whether, on the ground of economy, the County should be called upon to pay another man to draw up indictments. If a Deputy Attorney is employed, it will be quite an item for the county to pay. On the other hand, if he is not appointed, the expense to the County might be twice as much, on account of the blunders made in the drawing of indictments.

Austin thought the question was: Does this Board wish to see Mr. Williams retained as County Attorney, or does it not? If they gave him the assistance of the best legal talent in Hilo, they would enable him to run his office successfully. For his part, he would give him no assistance at all. He seconded the motion.

McKay thought that to recommend any individual to any particular office would be to touch dangerously upon a political matter, and this should not be a political board. He was informed that Carl Smith was only wanted to draw criminal indictments. In that case, they might have him one day prosecuting a murderer, and the next appearing against the County in a damage suit.

Furneaux argued that this was not a matter for the board to interfere in; it was entirely for the County Supervisors. It was a matter affecting the taxpayers, and this board should not endorse anything that would increase taxation.

The motion was unanimously carried, and the Board of Trade therefore expresses no official opinion as to the wisdom or unwisdom of giving Mr. Williams efficient assistance.

Attorney General Hemenway intends to deal sharply with doctors who fail to report contagious diseases met in their practice. It is not known as yet who all are the culprits, but cases of sore throat which may have been diphtheria or only tonsillitis have been prevalent of late and not reported to the Board of Health.

Two deaths from diphtheria reported by Dr. C. B. Wood, who had been called in consultation when the cases were advanced, this week caused an investigation to be made. It was ascertained that sore throat had been prevalent in the neighborhood of the stricken family, American, for some time and no notification sent to the Board of Health. The law says that "immediate" notice of contagious disease shall be given by the attending physician.

PINEAPPLE MAY NOW COME IN

Governor Frear has approved a new regulation of the Board of Agriculture and Forestry with regard to the importation of pineapples from Australia. It permits such plants to be brought in now that the government has an efficient disinfecting plant. The new edict practically repeals that of some years ago which prohibited the importation of pineapples from the Colonies and South Sea Islands.

Owing to Chinese New Year's the jury trial of seven Chinese for assault on Chick Wa with dangerous weapons was continued by Judge De Bolt until Monday. The trial has been on for three days.

Judge De Bolt in the meantime is trying Moramatsu and Hata, two Japanese reported to be of the tough class, on their appeal from conviction of vagrancy in the Honolulu District Court. Assistant County Attorney Milverton for the Territory, S. F. Chillingworth for the defendants.

BASKETBALL GAME TONIGHT

There will be a basketball game tonight in the gymnasium of the Young Men's Christian Association, between the Y. M. C. A. and Fort Shafter. When these two teams met recently the soldiers were victorious.

The Y. M. C. A. line up will be as follows: Frank Bechert (Capt.) c.; John Baptist, I. F.; Ben Clarke, r. f.; James Nott, c. Lewis, r. g.; Joe Honan, Dan Voelger, l. g.

Eddie Fernandez and Lieut. Chilton will act as judges.

VICTIM IS TO BLAME

"That deceased came to his death from injuries received by being accidentally crushed by the freight elevator at the young hotel, by his own fault."

Such was the verdict of the coroner's jury in the case of Jack Wailea, the elevator boy killed at the Young hotel yesterday morning. The inquest was held in the police dormitory at the station house last night, being conducted by Deputy Sheriff Rose.

Attorney Leon M. Straus was present and cross-examined witnesses, the inference being that he thought he represented imaginary parties who might appear from some dreamy haze to contest the findings of the jury. A Japanese elevator boy and other employees of the hotel were examined, they telling the story of the accident precisely as it was related in The Star yesterday afternoon.

NEW RAILROAD CHARTER FILED

An application has been made to Treasurer Campbell for a charter to build and operate a railroad from Honolulu to Pearl Harbor naval station. L. Tenney Peck and associates are the incorporators. The charter goes to the Attorney General for examination and then to the Governor for approval.

"It has nothing to do with any franchise," Governor Frear said this morning. "Anyone has a right to build a railroad from Honolulu to any point on the island if he obtains the right of way over the lands of others."

Is Committed For Burglary

Joseph William Oliver, the young Londoner accused of burglarizing the house of Canon Simpson, of St. Andrew's, was this morning committed by Judge Andrade to the Circuit Court for trial by jury. Prosecutor Brown conducted the case for the government, Oliver defending himself. Canon Simpson told of his house having been entered and the articles stolen therefrom. "Detective" Miller gave an account of his meeting Oliver, clad in the parson's uniform and wearing on the inside a lot of booze purchased with the parson's money.

In his own behalf Oliver endeavored to have the charge amended from one of burglary to that of larceny. This being refused by the court he reserved his further statement for the jury. The grand jury is now in session and will at once take up the matter.

Since this Simpson case has come up several other queer happenings have been reported to the police to which Oliver's description or name has been coupled.

In police court this morning Philip Guerrero, the boy who stole two child's savings banks from the house of Damien Kama yesterday, pleaded guilty and was committed to the Reformatory school for the remainder of his minority. This boy had been sentenced to the Reformatory before and was out on parole when caught yesterday.

Mrs. Ed. Keonohou did not appear to answer to a charge of drunkenness and the \$6 bail in her case was declared forfeited. Lawrence Smith, after pleading guilty of drunkenness, had sentence suspended for thirteen months. Smith is a luna at Fort Shafter. Last night he was celebrating Chinese New Year in advance and was taken in by Deputy Sheriff Rose from the Queen hotel. At the station he produced "all kinds" of silver and gold money.

Arrests this morning were: Kahula and Moke, charged with assault and battery on a Japanese; William Carol and J. Furst, common drunk.

HOME CURE FOR ECZEMA.

Oil of Wintergreen, Thymol, Glycerine, Etc., Used as a Simple Wash.

It really seems strange that so many people suffer year in and year out with eczema, when it is now no longer a secret that oil of wintergreen mixed with thymol, glycerine, etc., makes a wash that is bound to cure.

Old, obstinate cases, it is true, cannot be cured in a few days, but there is absolutely no sufferer from eczema who ever used this simple wash and did not find immediately that wonderfully soothing, calm, cool sensation that comes when the itch is taken away. Instantly upon applying a few drops of the wash the remedy takes effect, the itch is allayed. There is no need of experiment—the patient knows at once.

Instead of trying to compound the oil of wintergreen, thymol, glycerine, etc., in the right proportions ourselves we are using a prescription which is universally found the most effective. It is known as the D. D. D. Prescription or Oil of Wintergreen Compound. It is made by the D. D. D. Co. of Chicago, and our long experience with this remedy has given us great confidence in its merits. Honolulu Drug Co., Odd Fellows' Building.

DEMOCRATS KICK AT FREAR'S TALK

Members of the Democratic Territorial Committee are considerably put out by the published statement of Governor Frear that the protest of the local Democracy to change in the Organic Act will have no effect, inasmuch as the Democrats must look for support only to the small and powerless minority of Congress. L. L. McCandless is outspoken in his criticism of the Governor's statement and position, while Secretary Emmelhuth is drawing a counter statement to offset that of the Executive.

"If local Democrats fall in what they are trying to do at Washington," says Emmelhuth, with a show of heat, "it will not be because they have not tried. The Democrats want the matter held over in order that the questions may be discussed and all the facts brought out and if any lying is to be done, as the Governor suggests has been done, his outfit will have to do it."

The oil carrying ship Marion Chilcott arrived this morning from Monterey with a cargo of fuel which she will discharge at Iwili.

It is stated along the waterfront that the watchman at the railroad wharf is again engaged in the business of shipping sailors. He was the central figure in a racket about the same matter some months ago, bringing out a protest and some rather vigorous action by Agent Liddy, of the Sailors' Union.

AYLETT'S TWO JOBS

COMPLAINT THAT HE'S NIGHT WATCHMAN AS WELL AS SUPERVISOR.

City and County Supervisor Aylett is under fire. Attention has been brought to the fact that he is occupying two "positions" under the government and is drawing two salaries from the public funds.

Aylett is night watchman for the executive building, for which the Territory pays him \$60 per month, and he is also a duly-elected Supervisor of the City and County of Honolulu, for which he is going to be paid \$50 per month.

The murmur arising among those who have drawn the matter to the attention of another member of the Board of Supervisors, is to the effect that the holding of two "government positions" is strictly against the law and that Aylett should give up his position of night watchman at the capitol. Needless to remark, there are several looking for the job of "Palace guardian."

There is a question which may be decided in favor of Aylett's retaining the watch of the White House, and that is whether or not the holding of an elective office interferes with a man being employed, not as an officer, but as an employee to watch a government building; in other words, while it is admitted that Aylett has two separate occupations or duties, does he hold two offices? It is not usually considered an "office" to be a watchman, any more than to be a laborer on the road. Be that as it may, the complaint has been made to a member of the Board of Supervisors and the matter may be brought up at an early meeting.

KONOHI

If you find you're shy the early morning milkman,
If the boy who cleans the yard has done a flee,
If you're left alone with cooking and with washing,
You may put it down to joyful Konohi.

Konohi, Konohi,
"Please excuse me, mississy, I need be like me;"
Hear them burning powder, louder still and louder,
Celebrating good old Konohi.

If you get a present of a samshu bottle,
Or a dinky little package full of tea,
Or an evil-looking mess of sweets and pastry,
You may know them for the gifts of Konohi.

Konohi, Konohi,
Every blessed Chinaman out upon a spree,
Spending each his wages by very joyful stages,
Whooping up the feast of Konohi.

A week from now, oh, won't there be a difference,
In jovial sing and dapper Wun Lung Lee!
They'll be back at the broom and eke the wash-tub,
Corraling cash for next year's Konohi.

Konohi, Konohi,
Expression in the morning of anything but glee,
"No have gotten money, topside feel so funny,
"More better we pau that Konohi."

H. M. AYRES.

FIRE SHOWER TO FOLLOW FLOWERS

If plans go through, the evening of the day of Honolulu's great Floral Parade, February 22, will be a wild merrymaking and, in addition to a great ball, there will be incident lively and picturesque. Red fire will be operated from the roofs of the largest buildings of the city, from the Young Hotel roof garden, from the Boston, Stangenwald, McCandless and Sachs buildings, and from other points of vantage. Where possible, decorative electric lights will be swung.

MARIE HACKFELD HERE AGAIN.

The German bark Marie Hackfeld, Captain J. Grube, which arrived this morning from Hamburg, was 137 days making port. Her long passage was due to light winds which prevailed a large part of the way. The vessel brought a cargo of general merchandise consigned to Hackfeld & Company. It is not yet known where she will go from here. Being a foreigner, however, it is certain that she will leave in ballast.

COURTHOUSE FOR HILO

Among the plans that Marston Campbell Superintendent of Public Works, has prepared for submission to the Legislature are designs for a courthouse in Hilo. They show a rather classic facade in Greek style. The building is two stories with a half basement, the material to be reinforced concrete. In the basement will be accommodation for the Board of Health, the Waterworks and the Sheriff. On the first floor are other Territorial and county offices, including an assembly room for the Board of Supervisors will be placed. The second floor is for the courts, judges' chambers, etc. Hilo is badly off for such a public building.
